Issue II, May 2022

The Crooksville Exempted Village School District is #CERAMICPROUD of the progress our community, district, staff and students have made given the last two years of the COVID-19 Pandemic. We have remained steadfast to our academic goals and have seen our graduation rates continue to be high. Each day our committed staff members deliver high quality lessons to our students in a 1:1 technology-rich environment. All classrooms have the latest view boards that are used daily for innovative classroom instruction.

One of our biggest milestones of progress is the beginning of construction on our new Crooksville Stadium and facilities being built on the front area of our campus. This past winter we broke ground and now with spring in the air the project is moving forward quickly. We are looking forward to a dedication ceremony event in the future and the first Friday night for our football team to take the turf field under the lights. Go Big C!

SUCCESS

## News from the Ceramics

Progress for our students is a given as we maintain a positive school culture in which our students thrive. Our extracurricular programs are robust and expanding, most recently with the addition of a swim team and middle school indoor track team which have both been successful in their achievements. Our concert band received a SUPERIOR rating at OMEA competition and our drama club performed “Shrek the Musical and did an outstanding job on April 1st & 2nd.

Athletics, a huge extracurricular for our students, has seen successes of reaching 1,000 points in a Basketball career, our MVL, Sectional, and District Champion Softball team continuing their quest to the state tournament and an Archery State Champion in Bullseye! Congratulations to our track athletes that will be moving onto Regional Preliminaries. The baseball team won their first sectional game defeating Irononton. We are excited to begin our strength and conditioning programs with succinct leadership and look forward to increased offerings with our additional space.

Finally, progress with our community is being enhanced with an established Community Partners Program, where students or entire classes develop partnerships with community businesses or establishments to perform work duties to give back to their community. Additionally, The Ceramic Cafe has been established through student design and efforts to serve coffee and sweet treats to our Crooksville Staff for donations on designated days. The acquired funding assists with student trips and activities. Great community opportunities create great long-term relationships. At Crooksville Exempted Village Schools, we continue to strive for excellence in all areas keeping our students at the forefront of all efforts.
