

STUDENT CONDUCT ON SCHOOL BUSES

The Board furnishes transportation in compliance with State law. This fact does not relieve parents of students from the responsibility of supervision until such time as the student boards the bus and after the student leaves the bus at the end of the school day.

Students on a bus are under the authority of, and directly responsible to, the bus driver. The driver has the authority to enforce the established regulations for bus conduct. Disorderly conduct or refusal to submit to the authority of the driver is sufficient reason for refusing transportation services or suspending transportation services to any student once proper procedures are followed.

The Board authorizes the Superintendent or other administrators to suspend a student from school bus riding privileges for a period not to exceed one school year. The only due process required is the student must receive notice of an intended bus riding suspension and an opportunity to appear before the Superintendent or other administrator before the suspension is imposed.

The Board's policy regarding suspension from bus riding privileges must be posted in a central location in each school building and made available to students upon request.

Regulations regarding conduct on school buses, as well as general information about the school transportation program, are available to all parents and students.
