

# Articulation Memory Sheet

Using the worksheet, draw pictures that will help you remember the articulation terms below. What does staccato remind you of? Hopping? Tapping? Then draw something that hops or taps in the staccato box. Use your imagination and come up with your own examples for each box!

**Ritardando = slowing down**

**Tenuto = playing a note for its full length**

**Accelerando = speeding up**

**Staccato = short, sharp and detached**

**Fermata = hold**

**Legato = smooth and joined**
